

MARVIN ESCALLE

IT ENGINEER | AUTOMATION & BUSINESS/TECHNICAL COORDINATION

Data · Systems · DevOps · Functional Analysis

France · International Mobility | marvinescale.pro@gmail.com | LinkedIn: Marvin Escalle | github.com/marvinescale

PROFILE

Master's graduate in DevOps with three years of apprenticeship experience, including two years at Thales working on complex systems. Hybrid IT profile spanning automation, systems, data and functional analysis. Experienced in requirements gathering, technical solution development and automation, as well as system integration, testing and validation.

PROFESSIONAL EXPERIENCE

IVVQ Engineer / Automation - Apprenticeship | Thales · Gennevilliers

Sep 2023 - Sep 2025

- Gathering, clarifying and refining functional and technical requirements with customers and stakeholders.
- Contribution to integration, verification, validation, qualification, testing and defect tracking on complex systems.
- Development and enhancement of Python and Ansible scripts to automate the collection, structuring and transfer of technical data.
- Administration of Active Directory and database environments, and integration of equipment into secure Cisco infrastructures.
- Development, integration and testing of a private communication solution compatible with Cisco Jabber, with contribution to technical documentation.

Web & Application Developer - Apprenticeship | Fiscalyse · Marseille

Sep 2022 - Sep 2023

- Gathering user requirements and enhancing internal applications and an open-source CRM.
- Development of web platforms using PHP, Symfony and JavaScript, including SQL/MySQL database integration and management.
- Development of automation scripts and data processing using SQL and Excel to reduce repetitive tasks and improve operational monitoring.
- Use of Git, Docker and Kubernetes, contribution to testing and software quality, and technical mentoring of interns.

Previous experience:

Web Development - Fiscalyse (2021 and 2022 internships)

Accounting & Management Assistant - Departmental Council 13 (2020)
